

Instead of strip curtains use ...

COOL CURTAIN'S
ClearVu™
Swinging Doors PATENT PENDING

Specifically Made For Walk-In Coolers and Freezers

Can't tie 'em back...

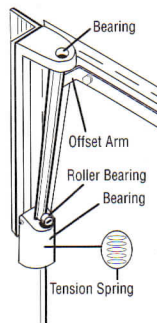

Don't stick together...

And they won't knock your hat off!

**10 Year
Rust Proof
Guarantee**

- Extends compressor life.
- Opens with less than 1 lb. of pressure.
- Longer lasting and is easier to walk through than strip doors.
- Moisture will not effect them, panels don't stick together like strip doors.
- Two clear panels per door for maximum visibility.
- Panels don't drag over carried or pushed items.
- Better temperature control.
- Two panels keep in more cold air than strips do.
- Vertical adjustment for proper door fit.
- Keeps food fresher, safer, longer.

***Rust proof even in high humidity areas—
10 year guarantee!***

**Doors have the unique gravity hinge
(PATENT PENDING) featuring:**

- stainless steel rod and offset arm
- stainless steel roller ball bearings
- stainless steel springs
- stainless steel fasteners

10 Year Rust Proof Warranty

During the warranty period if any part of the SS Model Cool Curtain Clear Vu Door rusts while in use in a walk-in cooler or freezer it will be exchanged at no charge to the user. Plastic panels are warranted to be free of manufacturing defects for a period of 90 days.
