
Instructions to Service Providers - Limited Warranty Guidelines

Regardless of who requests the services, including Imperial Brown, if the service is not covered by Imperial Brown's warranty and you do not have prior written authorization from Imperial Brown for the non-warranty work, the claim will be denied. Please obtain approval and collect fees from the facility/job site to perform unauthorized non-warranty service. If the facility/job site does not authorize the work, Imperial Brown will reimburse for the site visit only if Imperial Brown requested the service. **Submissions MUST include MODEL & SERIAL number's if Imperial Brown is to pay against a warranty claim.** If you have any question as to what is covered by Imperial Brown's warranty, please contact our warranty team or review our warranty guidelines at: <http://imperialmfg.com/support/downloads>

REFRIGERATION AND/OR REPLACEMENT WALK-IN PARTS

During the term of this warranty, replacement refrigeration parts are to be obtained from your local wholesaler. Replacement parts for the Walk-In, e.g., gaskets, hinges, thermometers, heat cables, are to be obtained by Imperial Brown. Purchased parts will be reimbursed. The service company may bill Imperial Brown cost plus a 10% mark-up, **PROVIDED THAT THE RECEIPT FOR THE PART IS INCLUDED**. Imperial Brown reserves the right to send a replacement part when there is no receipt provided with the original claim.

REFRIGERATION LABOR GUIDELINES	LABOR HOUR ALLOWANCE
Evaporator Fan Motors (per fan)	1
Condensing Unit Fan Motors (per fan)	1.5
Electrical Components (i.e. breaker, contactor, timer, etc.)	1
Electronic Control Boards (Beacon / QRC)	2
Electronic Temp Sensors (Beacon / QRC)	1
Pressure or Temperature Switches (per switch)	1
Defrost Heaters (per heater)	1.5
Expansion Valve	2
Solenoid Valve	2
Split System Compressor Replacement	4.5
PTN Compressor Replacement ("A" Frame)	Replace Unit + 1Hr
PTN Compressor Replacement ("B" & "C" Frame)	4.5
REFRIGERANT LEAKS (@ factory joint and internal piping) *See notes below.	
Split System Evaporator Leak	1.5 + Refrigerant
Split System Condensing Unit Leak	3.5 + Refrigerant
PTN Evaporator & Condenser Leak ("A" Frame)	Replace Unit + 1Hr
PTN Evaporator & Condenser Leak ("B" & "C" Frame)	1.5 + Refrigerant

1. Refrigerant leak labor rates include time for refrigerant recovery and recharge.
2. No payment will be made for any leak that occurs at a threaded, mechanical joint (to be defined as flare joints, pipe thread joints or roto-lock joints). It is the responsibility of the Contractor to check these joints prior to charging of system.
3. Refrigerant and labor paid only on leaks that are permanently repaired.
4. Maximum amount of refrigerant to be allowed, under any circumstance, is one system charge. System charge is defined as the receiver capacity at 90% full on a single condensing unit or printed capacity of a PTN.

FOR WARRANTY WITHIN THE FIRST YEAR ON THE COMPRESSOR

- Compressor **MUST** be exchanged through a refrigeration parts wholesaler
- This must be done in order to maintain warranty and obtain reimbursement for labor if applicable
- Service Provider must provide a receipt of the exchange to obtain reimbursement for labor
- Must include serial numbers of the old and new units

OPTIONAL EXTENDED COMPRESSOR WARRANTY (YEARS 2-4 OR 2-5)

- Covers the replacement cost of the compressor **ONLY**
- Service Provider must include a receipt of the purchase to obtain reimbursement
- Please include serial numbers and model numbers of the old and new units

WARRANTY ON ALARMS (MODULARM, WEISS, ETC.):

- Replacements must be purchased to ensure that the failed unit is returned to Imperial Brown. If there is no visible water damage a credit will be issued
- Water damage is not covered under Imperial Brown’s warranty

WARRANTY ALLOWANCE GUIDELINES

- Hourly Labor Rate (unless otherwise approved prior to repairs) \$90
- Refrigerant per lb. (not to exceed receiver capacity of 90%) R404a @ \$10/lb
R448a @ \$15/lb
